ONLY)

BROCHURE

ON

GUIDELINES FOR SELECTION

OF

REGULAR LPG DISTRIBUTORS

April 2011

Guidelines on Selection of Regular LPG Distributorship (Applicable to all locations Advertised / Re-advertised after 1st of April 2011)

1. IDENTIFICATION OF LOCATIONS

Locations for setting up of LPG Distributorship are identified based on available refill sale potential, which can sustain economically viable operation of an LPG distributorship. The refill sale potential is based on several factors including population, population growth rate, economic prosperity of the location and the distance from the existing nearest distributor.

The setting up of LPG distributorships at the identified locations is a business proposition that have business risk and does not guarantee any assured returns or profits.

2. RESERVATION

The percentage reservation for various categories in all the States except Arunachal Pradesh, Meghalaya, Nagaland and Mizoram are as under: -

A	Open Category (O)	50%
B	Schedule Castes / Scheduled Tribes (SC/ST)	25%
C	Central/State Govt and Central/State PSU employees – (GP)	18%
D	Combined Category (CC) Physically Handicapped Personnel (PH) Outstanding Sports Persons (OSP)	7 % For PH/OSP Clubbed together

The Distribution between SC and ST shall be as per the population ratio in the respective States.

Reservations in tribal areas in North Eastern States for Arunachal Pradesh, Meghalaya, Nagaland and Mizoram are as under:

State	Percentage of Regular LPG Distributors to be awarded to ST category	Balance % to be awarded to 'Open' category
Arunachal Pradesh	70	30
Meghalaya	80	20
Nagaland	80	20
Mizoram	90	10

3. ROSTERING OF LOCATIONS AS PER 100-POINT ROSTER

Locations finalized for setting up of regular LPG Distributorships are to be placed under different categories of reservation as per '100 point' roster for each State on Industry basis (IOCL, BPCL and HPCL together) so as to ensure the percentage reservation as envisaged by MOP&NG for each category is achieved.

In '100-point Roster' allocation of a reservation category against a serial number is done such that when 100 numbers of Dealers/Distributors are planned, the percentage of each category is achieved. Continuity is maintained in '100 point roster'. Once 100 roster serial numbers are completed, it is started from roster serial number 1 again.

The Distribution between SC and ST shall be as per the population ratio in the respective State.

4. DE-CATEGORISATION

De-categorisation of advertised locations will be carried out as under: -

- a) In case after the first advertisement, no candidate has applied or no candidate meets the eligibility criteria for any of the reserved category locations, then the location is to be re-advertised under 'Open' category in the next round of advertisement.
- b) However, it is ensured that in case of SC/ST category, the reservation is maintained on overall basis by respective OMCs while de-reserving the locations from earlier roster by converting corresponding number of LPG distributorship locations under 'open' category from the new roster to 'SC/ST' category. In other words, shortfall in SC/ST category has to be made good in the future marketing plans.
- c) With regard to other reserved categories i.e. GP & CC, reservation percentages will be maintained only at the time of initial categorisation as per 100 Point Roster. In other words, once the category of such locations is changed to 'Open' after the first advertisement as no candidate has applied or no candidate meets the eligibility criteria, no adjustment in the roster would be made under future marketing plans.

5. OFFER OF 'OPEN' CATEGORY LOCATIONS TO STATE GOVERNMENT

Once roster is finalized for new location, locations falling under 'Open' category of the roster are offered to the State Government for direct award of distributorships.

The State Government should respond within 45 days from the date of receipt of the communication. The concerned State Government department should send the application

to the concerned office of the OMC. The applicant has to operate the distributorship through its own employees and not on contract basis.

If no response is received from the concerned State Government within the stipulated time (45 days from date of receipt of letter by the State Government), then the locations are advertised along with other reserved category locations.

6. MODE OF SELECTION

Selection is done by inviting applications through advertisements published in two newspapers - One English daily having widest circulation in the State and one vernacular daily - having widest circulation in the district where the location is situated.

Selection of LPG distributor for an advertised location is done by draw from all the eligible applicants for that location.
